LE92-2000	200 -2000	0 -32	192	312	80	75	96	100	81	20	8
LE92-3000	300 -3000	0 -32	192	312	80	75	96	100	81	30	10

Whilst these claps are generally used for moving sheet metal and plate steel in the vertical position as well as turning through 180o they are often used for moving steel fabrications and profiles. If carrying large steel or material which because of their length ca sag, then if it is recommended that a pair of clamps be used with a spreader beam.
